MOTHER STEWART'S BREWING COMPANY

Join us on September 18th for a special FREE presentation by Jason Duff of Small Nation.

Jason Duff is the Founder of Small Nation. He leads the Small Nation team in developing places, spaces and dreams for small towns and small town entrepreneurs across the country.

In 7 years, Jason and his Small Nation team have completely revitalized the city of Bellefontaine, Ohio. Using their "Hustle Hard" approach, they have managed to renovated more than 30 historic buildings that had been sitting empty for decades. Once the buildings were complete, they recruited tenants for 14 new business concepts, strategically identified to bring repeat commerce and animation to their downtown area. These businesses allowed them to create jobs for more than 190 local employees.

Jason is a nationally published entrepreneurial thought leader and has written or been a contributor in Forbes, Inc. Fortune, Medium, Entrepreneur, The Huffington Post and Time. He is truly passionate about helping communities develop and grow their "entrepreneurial ecosystem."
